

# UCP Standard Report April 2023

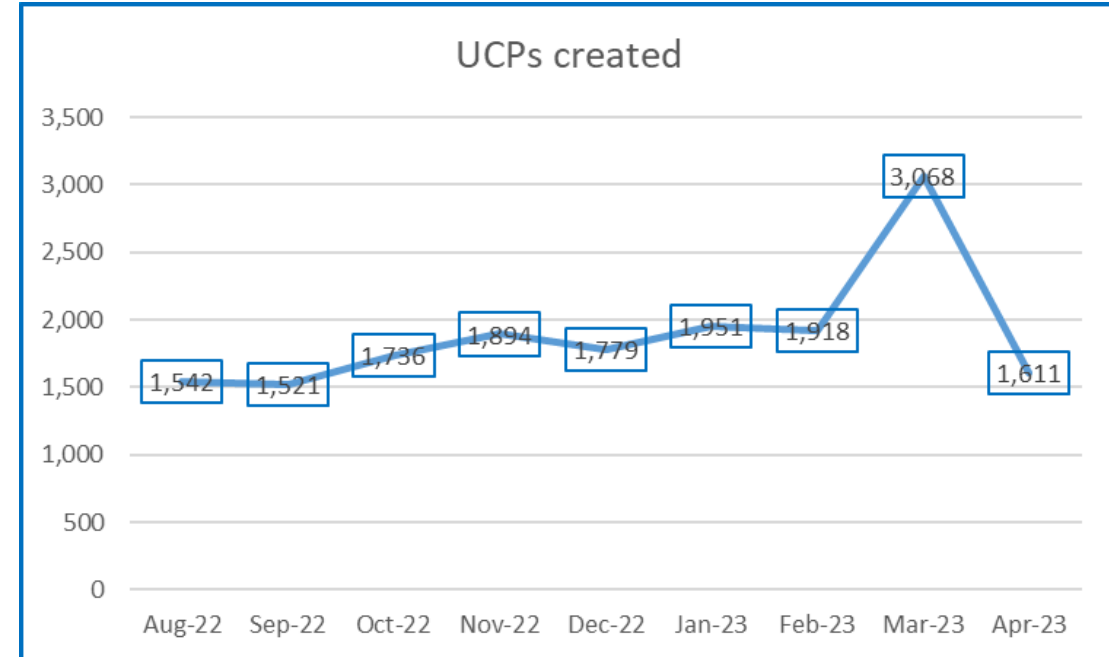

In partnership with OneLondon  
Hosted by NHS South West London

# Universal Care Plans overview

**54,402** active UCPs Year To Date 2022/23

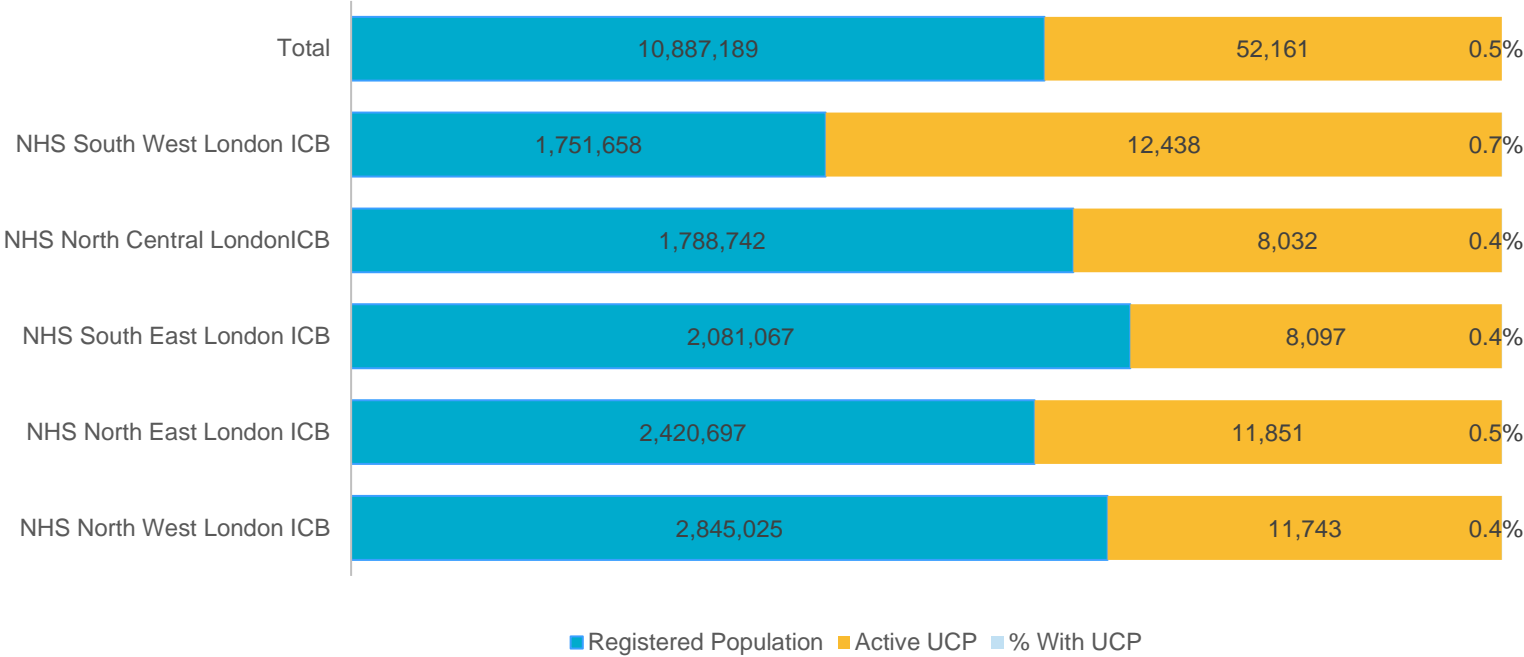

**1611** new UCP plans created in April 2023  
**3068** new UCP plans created in March 2023  
**1918** new UCP plans created in February 2023

# Londoners with a UCP

UCP holders representative of total population\*

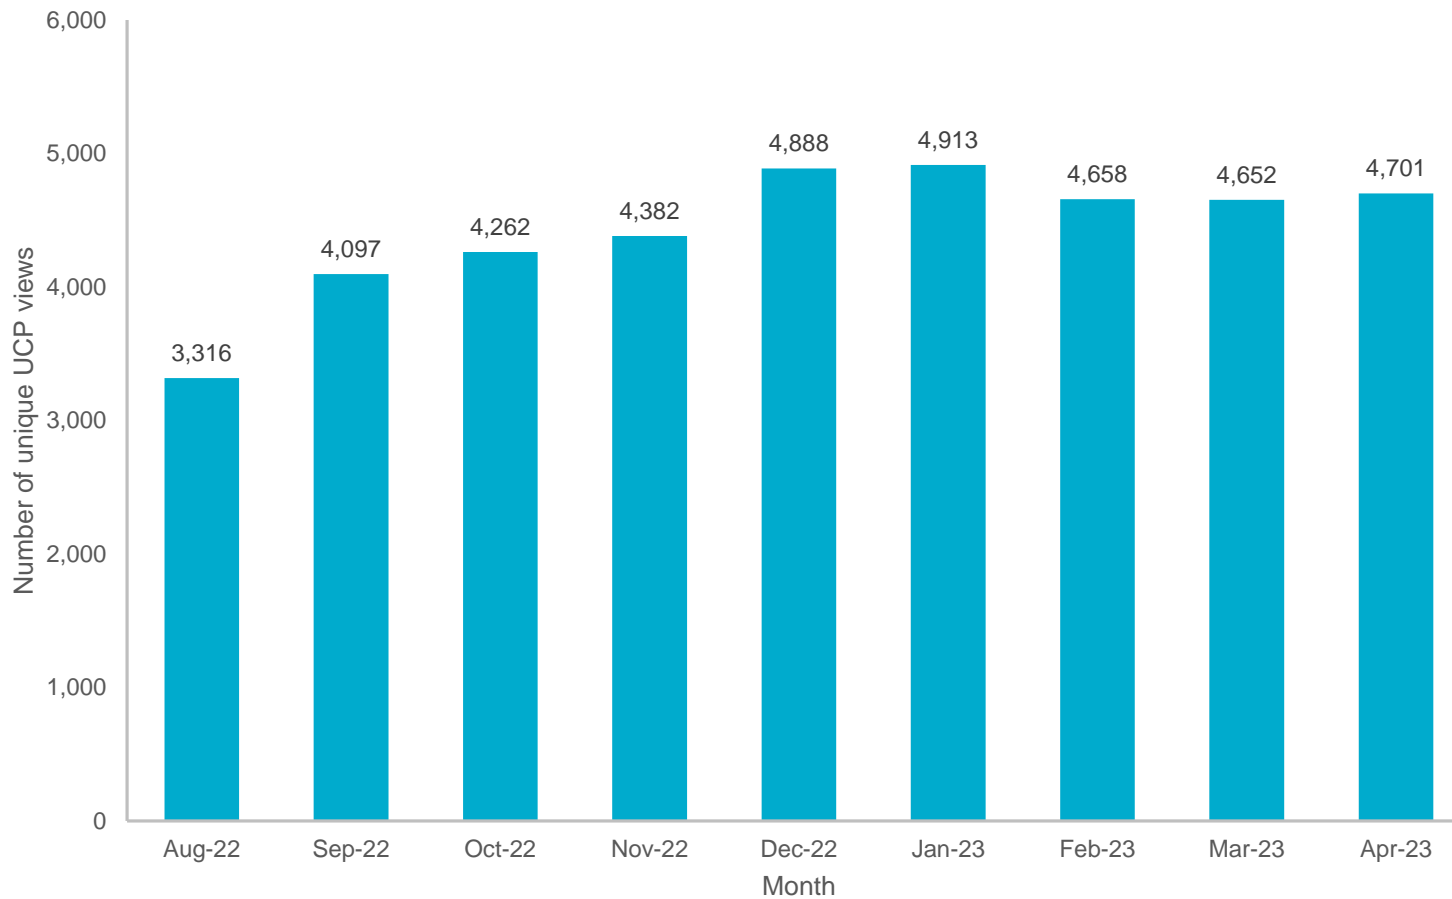

\*Variation in figures in “active UCPs at month end” in slide 2 versus slide 3 are due to live data versus reported figures to month end only.

Additionally, “active UCPs” include care plans created for people outside London, treated by London providers.

# Urgent & Emergency care utilisation

Urgent Care Unique UCP Views

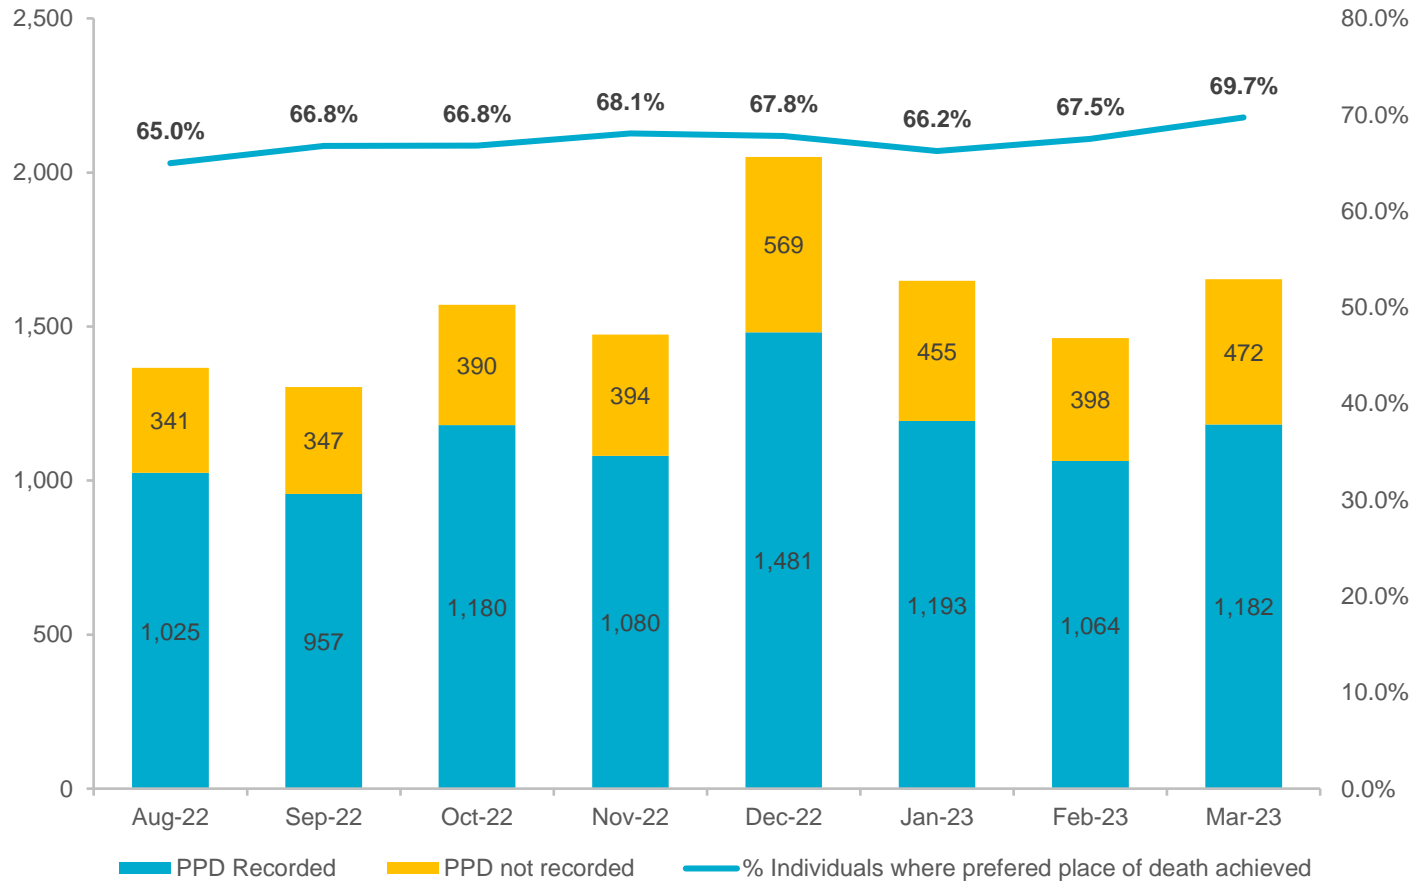

**4701** people had their UCP viewed by Urgent Care Services in April 2023.

# Doing the right thing

Individuals with a UCP and % that died in their PPD

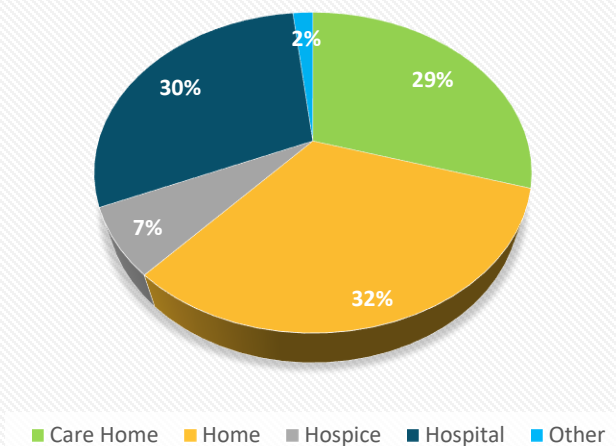

69% of Londoners with a UCP died in their preferred location in March 2023

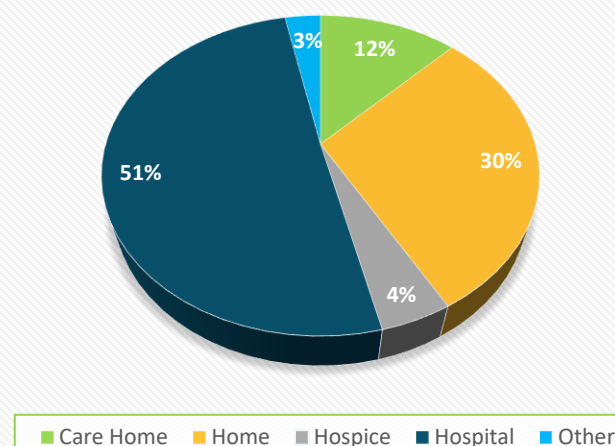

## Doing the right thing

LONDON DEATHS WITH A UCP

LONDON DEATHS

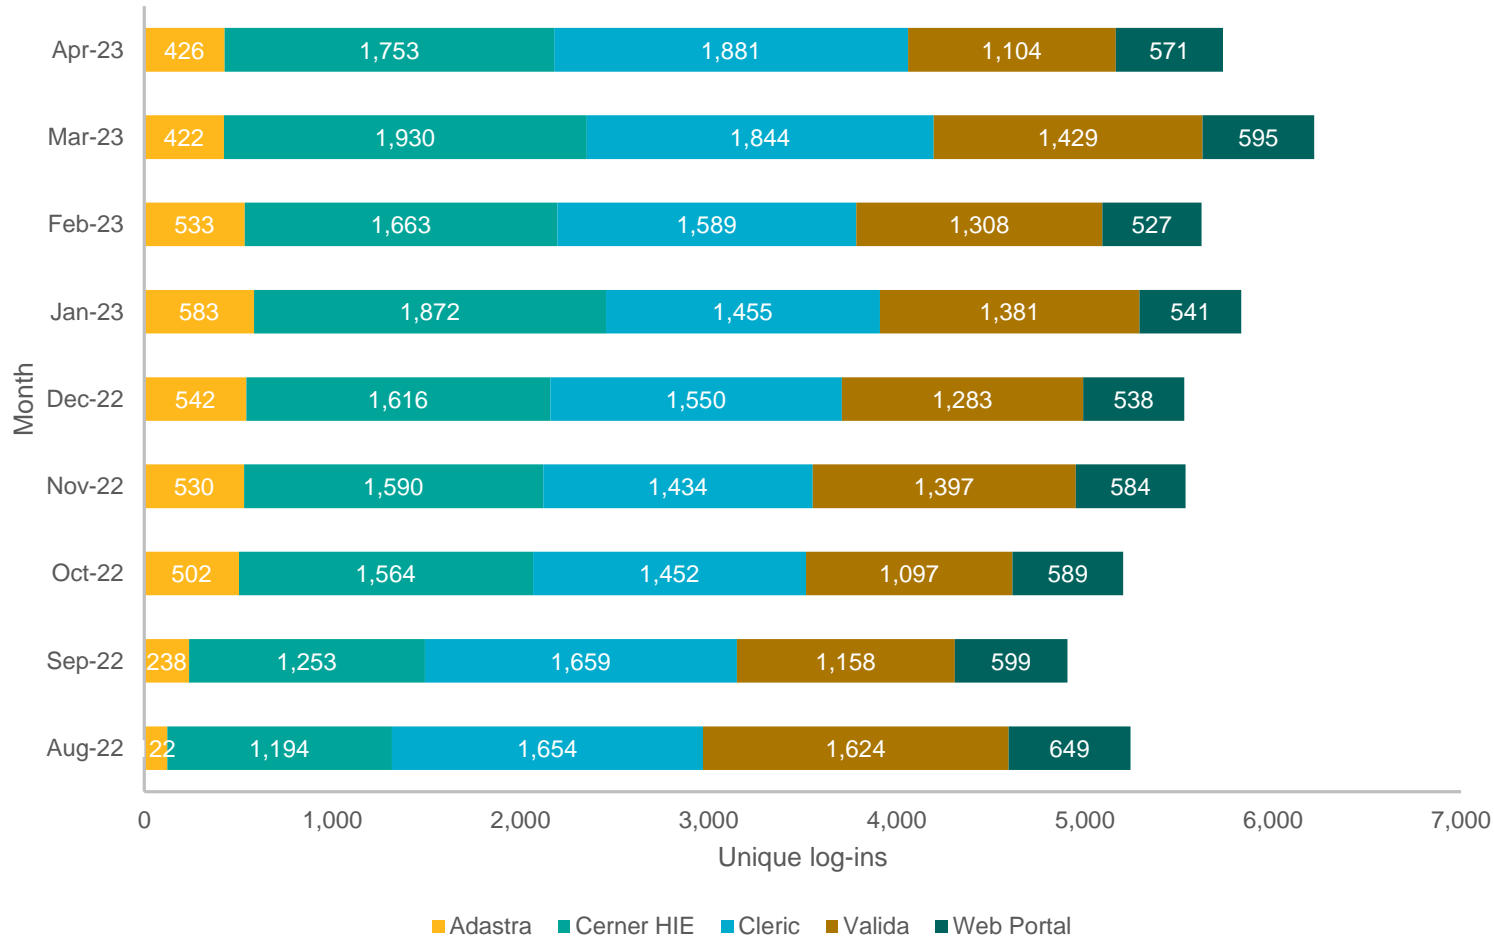

The proportion of Londoners with a UCP who died in hospital was lower than the one of those who didn't have a UCP.

# UCP utilisation by system type

Unique log-ins by system type\*

Total log-ins by system type – from UCP go-live
