

## Lucy BCYP

As a young person, having a UCP helps Lucy ensure that when she is unwell there is a co-created plan that is being shared across medical services, including urgent care.

**Date of Birth:** 05/02/2008  
**NHS Number:** 9998636108

**Mobile:** 07939 789245  
**Preferred name:** Lucy

### Personal info

**Gender:** Not stated (person asked but declined to provide a response)

**Sexuality:** Not stated (person asked but declined to provide a response)

**Religion:** Agnostic

**Preferred pronouns:** they/them/theirs

**Ethnicity:** Black or Black British Caribbean

**Address:** 5 Victoria Road, CR4 1AL, Croydon

### Symptom management plan :

- When I feel unwell, I know that I need to go to hospital to get checked over.
- I have a Hickman line which allows me to have nutritional support and antibiotics quickly when I become unwell.
- I see a dietician for my short gut syndrome, and I need to ensure that I eat and drink well.

### Medical

- I have Short gut syndrome secondary to Necrotizing enterocolitis (NEC) so I need to have supplemental parental nutrition through my Hickman Line as well as eating a good diet.
- I also have ADHD which means it is hard for me to concentrate sometimes.

### About me

- I go to school but am really interested in music and dance.
- I attend dance classes twice a week.
- I try to attend as many music festivals as I can with my friends.
- My sister is getting married next year in Zimbabwe, and I am looking forward to being her bridesmaid.
- I am concerned how my disease will affect me when I get older, and I am talking to the hospital about this.

### Living and care arrangements

**Type of accommodation:** Terraced council house, I share a room with my sister.

**Lives with:** Mum (Bettina) and grandmother. She has dementia and needs looking after full time by my mum.

**Equipment:** Parental feeding equipment in the house.
